#### **Program Notes**

The updated Salary Administration Plan presented to the Board is in alignment with Program Goal #2 -The Program will hire and retain staff that are skilled in their position within the program. A strategy to accomplish this goal is to maintain a competitive Salary Administration Plan (SAP). The program Director, Fiscal Coordinator and Human Resource Specialist teamed to create a 2022 Budget that allows the program to increase the minimum wage of the program to \$12 an hour which is in direct proportion to many local companies that we compete with to hire entry level employees. The increase to the minimum wage directly affects all other steps within the SAP. Other adjustments were made to increase salaries of employees that have been with the program more than five years because those employees wage would be the same as new employees. These changes increased all employees' wages more than 3% which includes the COLA of 1.22% except 38 employees. The 38 employees were staff that fell high on the SAP because of years of service and would only receive the COLA increase because the SAP was increased by 1.22%. It is my recommendation that all employees receive a 3% increase, so with Board approval, I would like those 38 employees to receive an additional 1.78% allowing all staff to have an increase of at least 3%. The total cost of these changes is \$376,943.54. The 1.22% COLA award added \$104,937 to the grant. The remainder of the funds were taken from several budget categories: transportation, contracts, supplies, and maintenance. Since 2018 these categories have been underspent and money carried forward to the next budget year. These funds will be better utilized by providing increases to staff.

The difference between 2021 budget and 2022 budget is \$98,375.76 which is covered by the Cost of Living Increase of \$104,937

CARES Act funding of \$482,465 was awarded to the program July of 2021 which gave a five-month spending period. This was not significant time to complete all projects. Region X has extended an invitation for programs to carry these funds forward. Board approval is needed to carry remaining funds FY 2020 CARES of \$119,895 to FY 2021, so projects can be completed.

The American Rescue Plan Funding request was successfully submitted. The one-time funding of \$656,879 is available until March 2023. The program will continue to use these funds to support Mental Health, updates to program technology to support on-line learning, instructional supplies, facility updates and making improvements to HVAC systems to provide clean air to buildings.
